

On July 1st, 2022, the Board of Trustees of the EGS approved the following

Mission Statement of the European Graduate School (EGS)

This statement will be adopted in the upcoming meeting in June 2022 and updates and substantially shortens the previously mission statement (from 2009).

“The mission of the European Graduate School is to play a leading role in cross-disciplinary inquiry and exchange. It undertakes this mission with forms of teaching and research that explore, at the highest levels, the grounds and the potential of artistic practices, aesthetic and scientific understanding, and critical thought.

The European Graduate School seeks to build a world-wide intellectual community that is profoundly diverse, yet shares a common commitment to academic freedom, creative discovery, and the promotion of study that is socially meaningful and attentive to global needs and concerns.”
